ECS Window Die Sizes

Windows can be placed almost anywhere on the envelope.

The position needs to be at least 1/4" from the sides and 1/2" from the top or bottom. **The standard window for most business envelopes is 1-1/8" x 4-1/2" (7/8" from left, 1/2" from bottom).** Special windows have additional charges. Add an additional \$65 set-up for converting your paper with a special window placement and sizes up to 1-1/2" tall. For windows over 1-1/2" tall, please call for price. For manufacturing paper supplied by ECS, please refer to Custom Manufacturing list, or call for price.

Die #	Window Size
1.	1/2 x 3
